COMPANY POLICY

Thanks to the structure of our organisation we are able to control the production process, not only for the realisation of single pieces but also for the manufacturing of larger quantities, thereby guaranteeing the high level of quality and just-in-time deliveries. Together with our state of the art machinery, our flexibility enables us to find the ideal solution for all customer problems and to satisfy them in terms of quality, service and price. Our quality manual is well underway and certification according to the UNI EN ISO 9001: 2000 NORMS will soon be available.
